ALLIES REPORT KAISER'S ARMY IS NOW RETIRING IN DISORDER

Germans Driven Back From 37 to 48 Miles, Allies Say --- "Enemy Is Demoralized and Thousands Surrender," Is London Report --- No Advance for Kaiser in Five Days.

LATEST WAR BULLETIN

PARIS, Sept. II, via London, 8.05 P. M., (Associated Press).—It is officially announced that the German center as well as their right wing is retreating.

LONDON, Sept. 11 [Associated Press].—The Official Press Bureau to-day gave out the following announcement:

"The general retirement of the enemy continues.

"The British forces yesterday captured 1,500 prisoners, including wounded, and several guns, including Maxims, and large quantities of transport.

"The enemy is retreating rapidly east of Solssons in some disorder.

[Soissons is fifty-seven miles from the outer works of Paris, north of Meaux, where the German advance was last reported, and shows the German retreat has been nearly forty-five miles.]

"In a later telegram it is declared that from further information the captures of yesterday are higher than first reported. Considerable bodies of infantry are being found hiding in the woods, having been left behind owing to the rapid retirement of their forces. These surrender at sight.

"This and the rifling of villages and evidences of drunkenness, point to the demoralization of the enemy.

"The pursuit of the enemy is being vigorously pressed."

PARIS, Sept. 11 [United Press] .- The official statement of the War Office, telegraphed here from Bordeaux and insued at 3.15 this afternoon, reports that the French offensive movement continues to succeed. It is stated that the Germans have now been pushed back from 60 to 75 kilometres (37 to 46 miles).

The official statement, as made public by Gen. Gallieni, says: "In four days of continuous fighting the Germans have now been pushed back from 60 to 75 kilometres.

"The first phase of the battle of the Marne River is very favorable to the allies. The Germans are retreating on the

'The armies led by the Crown Prince and the Prince of Wurtemberg which have been attacking the French forces on the Ornain River, which enters the Marne near Vitry, have been unable to advance. 'The general situation has now completely changed. Since Sept. 6 the enemy has been unable to advance at any

point on our lines. "The armies of Gen. von Kluck and Gen. von Buelow have battled furiously but vainly in an attempt to break the

French centre on a plateau north of Sozanne and Vitry. [This latter statment indicates a change of the German positions, as heretofore it was believed that Von Kluck was in

command of the German right.]

"The Franco-English advance continues with dogged persistence. The offensive operations are of the most effect." tive character.

"The British marksmanship is deadly and is proving wonderfully effective."

It has not, however, interfered with the operations.
